

Title: PI: Past, Present, and Future

Date: Oct 17, 2009 04:00 PM

URL: <http://pirsa.org/09100063>

Abstract: This 10th anniversary presentation with PI's Director, and many of the Institute's public and private partners will recap the past ten years of activity at Perimeter, will examine links between theoretical physics and innovation and will preview new, exciting initiatives to come from Perimeter Institute for Theoretical Physics. Note: there is no on-site waiting line for this event.
