

Title: The Agenda with Steve Paikin: Do We Still Believe in Science?

Date: Oct 23, 2009 08:00 PM

URL: <http://pirsa.org/09100070>

Abstract: From the Enlightenment onward, science gained our trust and we followed its logic readily. But in an increasingly complex and skeptical world, will advancements in genetics, Artificial Intelligence, and countless other endeavours keep us believing, or will we lose the taste for a life shaped by science and technology? Be part of the live studio audience for this special edition of TVO's Agenda with Steve Paikin.
